

Compact Lobby Dustpan

11.6", Red

Item Number: 56584

Space-Saving Lobby Dustpan with Locking Lid. When you need a food-safe commercial dustpan and you're facing space challenges, reach for the Vikan Compact Lobby Dustpan. Our latest entry into our color-coded hygiene line is more compact and lightweight than its standard version counterpart. Even though it's more compact, this upright dustpan with a locking lid still has the same great features as our larger version, which is popular in janitorial, food manufacturing, and food retail businesses. You can open, lock, and close it with just one hand by moving the handle in intuitive ways. Move the handle back to open the pan, then gently press down to lock the lid. To unlock it, press down again and then pull up on the handle to let gravity close the pan. Because you don't have to touch the pan at any point in this process, this color-coded lobby dustpan is hygienic and ideal for industries where cleanliness matters most. Disassembling and reassembling the compact dustpan for cleaning is easy. To remove the lid from the pan's base, simply rotate the lid to a 45-degree angle, then gently pull on the side hinges. Once disassembled, it can be cleaned in an industrial dishwasher or by hand. The rounded lip and slight flexibility make it easy to sweep up fine particles or large debris. The pan holds around 1 gallon, making it useful for retail and industrial applications. Thanks to the dustpan's lid shape, you can store it upright with a broom tucked inside. Additionally, this food-safe dustpan is made of FDA-compliant raw materials and comes in six colors for easy inclusion into any HACCP color-coded zoning plan. Add this compact janitorial dustpan with lid to your cleaning toolkit today. Use less space and get more done.
